

**SALL BROTHERS (REGD.)**

ISO 9001:2008

Mfrs.: SHEET METAL COMPONENTS

## PROFILE

**SALL BROTHERS (REGD.)** was established in year 1985. Since then, with the blessings of guiding spirit **Smt. Parminder Kaur Sall W/o S. Jiwa Singh Sall** and constant efforts of **S. Jaspal Singh Sall**, it has achieved new heights in manufacturing Sheet Metal Components and complete range of Standard / Non-standard Washers.

The technology and quality control system applied to production process ensure the supreme quality and high standards of components being manufactured. The products command a great acceptability in Sheet Metal Components according to customer requirements. The company identifies itself as a partner with its customers, and assists at every stage, from selection advice, through production and sales, to service support.

The industry has automatic machines and equipments to maintain the highest standard of quality. The customer support is ranking next to the best in the industry. The company supplies its products throughout India. The company is committed to give better services and customer satisfaction.

### Product Range

A complete range of high precision sheet metal components for Bicycle, Automobile, Aircrafts, Sewing Machine, Power Tools, Electrical Appliances, Electronic Goods, Machine Tools, Textile Machinery. The company can also supply customized products within stipulated time frame.

### Quality

The company maintained its fame with superior products and dedicated towards total customer satisfaction in Quality. The company specializes its products as per the specific requirements of clients and the application. Quality Assurance department consists of proficient engineers, and highly precision instruments, engaged in stringent process inspection right from procurement of raw material to final delivery.

### Infrastructure

The firm is well equipped with modern machines and are regularly upgraded and maintained, to ensure efficiency.

### Engineering Department

Facilities to Design & Develop Tools & Components.

### Production

Power Presses - 3 to 50 Tons  
Semi Automatic Facing Machine  
Drill Machine  
Tapping Machine  
Shearing Machine (Manual)

### Material Capability

Thickness: 0.2mm to 5.0mm and above

### Tool Room

Highly Accurate Machines & Equipments for the Development & Maintenance.

### Inspection Department

Precision Inspection, Measuring & Test Equipments.

### Packing & Despatch

Precision Electronic & Mechanical Scales.  
Fine Packing Facility as required.

### Material Handling Equipments

Racks, Carts, Trolleys, etc.

### Certified Member

Chamber of Industrial & Commercial Undertaking, Govt. of India Recognized.  
Auto Parts Manufacturers' Association (India).  
United Cycle & Parts Manufacturers Association.
